WARREN TORCH KILLING SOLVED

Youth Confesses He Slew Youngstown Negro and Set Fire to His Body.

By The Associated Press

WARREN O., Feb. 20.—Sheriff Roy Hardman and County Prosecutor George Searles said today a confession by LeRoy Milligan, 21, of Youngstown, provided the solution to a "torch slaying" early last Sunday.

The victim, whose flaming body was found in a roadside ditch, was Earl Wilson, a Youngstown Negro, who was known as a "spontaneous" doctor.

Hardman, county attorney, Herbert Thomas and two Youngstown detectives arrested Milligan at 7:30 last night in the Campbell plant of the Youngstown Sheet & Tube Co., where he was employed.

Milligan was quoted by the sheriff and county prosecutor as saying he had "made up his mind" to kill Wilson, who had been a "trouble maker" in the plant.

The pair met Saturday night and drove by automobile to a lonely country road, the officials quoted Milligan as saying, and while parked Milligan stepped from the car and fired four shots at Wilson.

Then he told the sheriff and prosecutor, he emptied a gallon of gasoline on the body and set fire to it.

Hardman and Searles quoted Milligan as saying he threw the pistol into the Mahoning river near his home. He worked the following day but spent the next day in Cleveland.

A key ring, found near the body of Wilson, led to the arrest, Hardman said. A name on an aluminum ring was traced to Milligan and then to Youngstown. The sheriff said he found that Wilson stayed at this residence and learned from persons there that Wilson had gone out with Saturday night.

Searles said charges would be lodged against the young man to-day. Milligan was being held in Trumbull county jail. He is unmarried.

No More UPSETS!

The proper treatment for a bilious child.

THREE STEPS TO RELIEVING CONSTIPATION

I. Measure out a (measuring dose of liquid laxative, regular laxative) and add to the water.

II. Tomorrow, take this: the regular laxative has been completely removed.

III. Restore the bowels each time, and regularity has been completely restored.

It has the approval of the doctors

Any mother knows the reason when her child stops playing, eats little, is hard to manage. Constipation. But what a pity so few know the sensible way to set things right!

The ordinary laxative, of even ordinary strength, should be given in very moderate amounts.

A liquid laxative is the answer, mothers. The answer to all your worries over constipation. A liquid can be measured. The dose can be exactly suited to any age or need. Just reduce the dose each time, until the bowels are moving of their own accord and need no help.

This treatment will succeed with any child and with any adult.

Insulin.

MAN is born to trouble as the sparks fly upward. He suffers from many ailments. Some of them are easily partially understood. Yet by means of modern methods of treatment many of them can be controlled. Among such, one of the most common is diabetes.

Medical research workers are daily seeking the solution of the mystery surrounding this disease. So far no one has discovered the actual cause of diabetes. Nor has yet been devised a remedy which will actually cure this affliction.

I venture to say that a goodly number of persons believe diabetes is curable. They point to the discovery of insulin and its marvelous "curative" effects. Insulin has indeed proved to be a great boon in the treatment of diabetes, and the control of its symptoms, but unfortunately it is not a cure for the disease.

The victim of this trouble has an insufficient supply of the natural insulin which is secreted by certain cells of the pancreas. If that organ is normal, the substance is required to help burn starches and sugars. If there is a deficiency, foods that are vital to health are not properly utilized. There is an accumulation of sugar in the tissues of the body.

When the artificially prepared insulin is given to a diabetic the excess of sugar in the blood and tissues is properly consumed. Then there are developed heat and energy which are essential to good health.

Insulin is given in varying amounts, depending upon the age and weight of the patient and the extent of the disease. It must be injected through a needle. If taken by mouth it is destroyed by the juices of the stomach. Accurate dosage and proper administration are imperative. If taken incorrectly serious disturbances occur. An overdose may mean shock, convulsions or even more serious affect. But if taken under medical supervision there is no danger.

Within recent years the administration of insulin has been so perfected that it is given to young children.

Not every case of diabetes requires insulin. Often the disorder is mild in its nature and due to overweight and indigestion in the diet. When such patients are placed on a suitable diet, one free from an excess of starches and fatty food, the symptoms disappear. Where diet alone is not sufficient to get rid of the over-accumulation of sugar, insulin should be given.

Answer to Health Queries.

G.B.M. Q.—Would a severe illness cause the hair to fall out? I am only 24 years of age and have never been troubled in this way before. What do you advise?

A.—This condition is not unusual under such circumstances. Improve your general health. The use of a good, stimulating hair tonic will help to overcome the trouble. For further particulars send a self-addressed stamped envelope and request your question. (Copyright, 1934, by K. P. S. Inc.)

PRAYER DAY GROUP PLANS OBSERVANCE

Women of 12 Protestant Churches Arrange Program for Service Feb. 28.

Officers were named and arrangements made for the annual day of prayer at a meeting of the association of women representing missionary groups of Protestant churches sponsoring the project, yesterday afternoon at Calvary Evangelical church.

The day of prayer will be observed this year, as formerly on the first Friday in Lent, which falls this year on Feb. 28. The service will be held at Epworth M. E. church with Mrs. E. W. Boyer as leader.

Mrs. Loyal Messenger of Calvary Evangelical church, was named president for the coming year. Mrs. Walter Scranston of the First United Brethren church, was chosen vice president, and Mrs. Harry Petri of St. Paul's English Lutheran church, was re-elected secretary and treasurer.

The theme for the prayer service is "On Earth Peace, Good Will Toward Men." The meeting will begin at 2 p. m. Twelve churches were represented at the meeting yesterday, at which Mrs. William Drake, president, presided.

The Stars Say--

For Friday, Feb. 21.

A FAIRLY lively and satisfactory day, with much depending on personal acumen and discretion, is forecast from the prevailing planetary configurations. Financial prospects seem fair, but should not be jeopardized by rash or impetuous decisions.

Those whose birthday it is are under fairly good auspices for a gainful and progressive year, with money matters improving and things long held up moving to more active conditions. This may be at the support or behest of elders or those in sound positions.

A child born on this day may be industrious, studious, faithful and will gain, through its dependable qualities, the support and approval of elders and superiors.

HARDWARE LEADER URGES MORE ADS

By The Associated Press

CINCINNATI, O., Feb. 20.—Herbert P. Sheets of Indianapolis, managing director of the National Retail Hardware Association, suggested to the Ohio Hardware Association yesterday increased advertising to increase the business of independent merchants.

"It may well be," he said, "that the hardware craft is paying a real penalty for its failure to use advertising more effectively."

SOVIETS REJECT PARLEY PLANS

Japanese Proposal for Mixed Commission To Settle Border Dispute Turned Down.

MOSCOW, Feb. 20.—Japanese suggestions for establishment of a mixed commission to fix the Soviet-Manchukuo frontier were rejected today in an official announcement, made public by Tass, the Russian government organ.

The announcement said the boundary between Soviet far eastern territory and the Japanese-sponsored state of Manchukuo already was fixed by treaty.

It suggested, in turn, that Manchukuo and Japanese military authorities withdraw white Russian agents, allegedly sent into Soviet territory as spies and terrorists.

The recent capture and conviction of some of these agents, the announcement said, established proof that they received arms and money from Manchukuo and Japanese military authorities in Manchukuo.

Two of these alleged agents were sentenced to death by a Soviet military court last Nov. 14, and another Jan. 24, after they were said to have confessed that they were in Japanese and Manchukuo pay.

The Soviet announcement cited an old agreement with Manchukuo, obliging the latter to put an end to anti-Soviet activities of white Russians residing in Manchurian territory.

More Troops Leave Japan

TOKYO, Feb. 20.—An announcement of two Japanese army divisions from Japan to the Japanese-occupied state of Manchukuo was announced today by the Tokyo war office.

A war office spokesman said the troop movement involved only the annual replacement, was not connected with Russo-Japanese tension over far eastern border incidents and would not increase the Japanese force in Manchukuo.

A communiqué said Emperor Hirohito sanctioned the dispatch of the divisions.
